Two central pillars of the 360° comprehensive hotel solutions are the great product range width and the manufacturer-independent advice on everything doors need and everything furniture needs. Häfele's project specialists are solution-oriented partners for architects, builders, and operators. From planning to tendering and implementation to operation, they assist you in all phases of the project development. This leads to solutions for individual hotel concepts, even for more complex requirements: whether it concerns the Dialock electronic access control, the hotel room door as a complete system or the Häfele functionality for optimized hotel furniture. This results in buildings and rooms that make investments that are fit for the future possible in the modern hotel world. Many hotel projects of a multitude of different categories and with different requirements have been realized by Häfele worldwide. Through our role as a valuable innovator and trend-setter, not only major hotel chains such as Accor, IHG or Steigenberger are among our customers, but also family-operated private hotels or the youth hostel and hostel market.

# SMARTPHONE KEY

That's how hotels work today:  
Simply open the door with your smartphone.

With Dialock, Häfele offers you trendsetting technology. Instead of handing a room key to your guests only when they arrive at the hotel, the smartphone key makes arrival much more convenient. The guest receives access to the hotel and his room via app. No more queues at check-in and check-out. Guests are happier. And in addition to that, you make work easier for your staff at the reception.

## SMARTPHONE KEY: CONVINCINGLY EASY.

Your guests receive the key code on their app before arrival. That way, the smartphone becomes the room key. Häfele establishes a secure communication from the digital room key to the Dialock electronic access control system using the latest Bluetooth technology. The door opens.

## ADDITIONAL SERVICES: PERFECT FOR YOU AND YOUR GUESTS.

Book a room via the app any time anywhere, check in easily, pay and check out again without having to go to the reception. Häfele's cooperation partners make it possible. They integrate other customized functions into the app, such as sales-promoting offers of your hotel or individual travel tips for each destination.

Unlocking with key.

Unlocking with transponder.

Unlocking with smartphone.

PRESENTED  
FOR THE FIRST TIME  
WITH OUR PARTNER  
HOTELBIRD.

NEW:  
NOW ALSO  
SMARTPHONE  
COMPATIBLE.

SIMPLY EASY

> Easy to configure.  
> Easy to network.  
> Easy to operate.  
> Easy does it.

# DIALOCK ACCESS CONTROL SYSTEM

Access management in the hotel. Easy – as a matter of principle.

The Dialock electronic access control system, a Häfele own house assortment produced in Germany, works with touchless transponder technology. Convenient and secure in hotel projects of every size. All over the world, hotels and resorts benefit from the special advantages of this frequently tried and tested system. From the entrance door to the guest room door, to cabinet solutions and coffee machines. The battery-operated DT door terminals, which can now also be operated with a smartphone key, and which have a mechanical emergency opening, are perfect for easy locking and unlocking of guest room doors and interior doors. A selection of WT wall terminals is available for heavily frequented interior and external doors, automatic doors, turnstiles, lifts and machines. Power supply from mains.

## DT 700

- > Robust standard fitting for interior doors.
- > Indication for locking/unlocking and "Do not disturb" with LED.
- > Material: Matt stainless steel or polished brass.
- > Lever handle with L, J or U shape.

## DT 710

- > Subtle rose and escutcheon fitting, customised design possible.
- > Indication for locking/unlocking and "Do not disturb" with LED.
- > Material: Matt stainless steel or polished brass.
- > Lever handle with L, J or U shape.

## DT Lite Energy-saving terminal

- > Activation of electric circuits with Dialock key card.
- > Card is recognized as a transponder.
- > For indoor use.
- > Red LED position light.

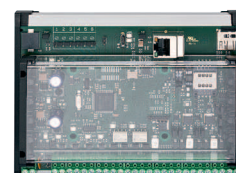

## WT 210

- > Compact wall terminal (controller and reader in one).
- > Indication of locking/unlocking with LED.
- > Waterproof, degree of protection IP65.

## WT 200: WRU 200 reader and

- > For use on external doors, for example, barriers and turnstiles.
- > Indication of locking/unlocking with LED.
- > Waterproof, degree of protection IP65.

## WTC 200 Controller

- > Housing with control unit.
- > Actuation of surveillance cameras possible.
- > Several readers and elements can be controlled.

# THE HOTEL ROOM DOOR

Easy and secure opening with smartphone.

The certified hotel room door from Häfele provides hotel guests and hoteliers with security, outstanding soundproofing and additional convenience thanks to locking/unlocking with smartphone. It prevents forcible entry and cuts out exterior noise. Additional strength and longevity are provided by the high-quality coating of the robust door leaf. The Dialock electronic access control system provides convenient and touchless access to the hotel room.

## PRODUCTS BASIC FEATURES

- > BOS Best Of Steel: Steel door frames.
- > DORMA: ITS 96 door closer.
- > Häfele: Fittings and Dialock DT 700 and DT 710 access control system, VX 160 StarTec hinges Cat. No. 924.25.203.
- > Herholz: Door leaves in different versions.
- > Pfleiderer: HPL finishes with different decors.

## NEW FEATURES

- > ITS 96 door closer with higher closing force, barrier-free in accordance with DIN 18040, in compliance with DIN SPEC 1104.
- > Dialock DT 700 and DT 710 door terminals as long backplate or rose and escutcheon solution (details see page 11).
- > Retractable seal with improved soundproofing and increased operating convenience for the guest due to less accumulation of air; positive side effect: lower wear and tear of the floor (no scrub marks) and the door (improved closing properties).
- > Extremely flat threshold: Safer entering, even with trolley cases.

Steel door frames and door closers.

Fittings and access control systems.

Door leaves.

HPL finishes.

## ADVANTAGES

- > Components individually combined and delivered as system.
- > Protection against burglaries and unauthorised unlocking.
- > Increased fire protection.
- > Improved soundproofing thanks to retractable seal.
- > Electronic access control system with interface to the hotel software and smartphone.

NEW:  
IMPROVED  
EQUIPMENT.

104

ADDITIONAL  
SPACE FOR ONE OR  
TWO GUESTS.

# TELELETTO 2

## A multi-functional sofa bed.

The space-saving, multi-functional Teleletto 2 from Häfele provides more space and convenience for standardised hotel rooms. As far as design is concerned, the Teleletto 2 is adapted to the design concept of your hotel flexibly and individually by the joiner or the furniture industry. It can also be realised with extra-wide lying areas. Another option that is available from Häfele is Tavoletto, the clever mix between desk and bed.

## PRODUCT

Teleletto 2 foldaway bed fitting Cat. No. 271.89.020

Teleletto 2 with mattress 140 x 200 cm.

**Material:** Fitting: Torsion-free tubular steel with resilient wooden slats, powder coated. Gas filled strut for easy opening and closing, 12 flexibly mounted resilient wooden slats.

**Features:** Built-in foldaway bed with bed frame, slatted frame, sofa frame and securing brackets (anti-tilt facility), mattress holders and bedding straps.

To the "Mobile multi-purpose room concepts" video.

Wonderfully convertible: A sofa is converted...

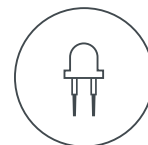

...into a double bed with just a few simple manual operations.

Mobility based on Häfele hardware fittings.

# LOOX LED LIGHTING SYSTEM

## Orientation light and light with USB charging station.

The LED 2028 is an orientation light with integrated daylight sensor and motion detector. If residual brightness of just 15 Lux or less is present, it becomes active. The LED 2034 flexible light from Häfele does not just provide targeted spotlighting, but also makes it possible to charge a smartphone and/or a tablet because of the two integrated USB ports. The push switch that is integrated in the base makes it possible to have two brightness levels – 100 % and 50 %. An extremely good light with additional uses for your hotel guests.

## PRODUCTS

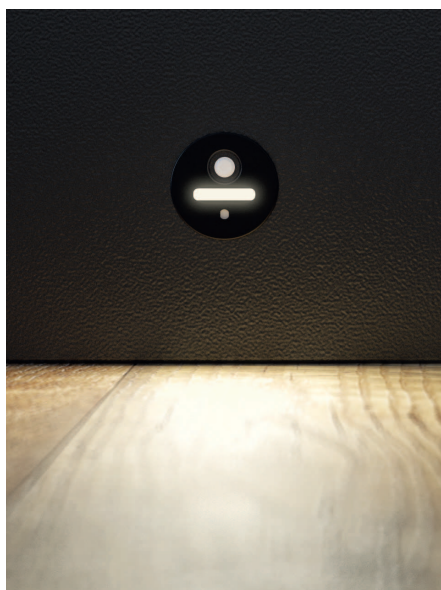

LOOX LED 2028 Orientation light, Cat. No. 833.73.110, stainless steel finish.

LOOX LED 2028 Orientation light, Cat. No. 833.73.111, black.

LOOX LED 2034 Flexible light, Cat. No. 833.74.090, aluminium chr. pl., with USB ports.

LOOX LED 2035 Flexible light, Cat. No. 833.74.151, black, without USB ports.

- > LED 2028: Orientation light with integrated daylight sensor and motion detector. Cannot be dimmed. 12 V system. For mounting in drilled hole. Stainless steel or black.
- > LED 2034: Targeted spotlighting, two integrated USB ports, 12 V system.
- > LED 2035: Targeted spotlighting, without USB ports, 12 V system.

The night light ensures the quiet sleep of other people in the room.

Light with two USB ports, to charge the smartphones and tablets of your guests.

Stainless steel or black.

ADVANTAGE  
FOR THE GUEST:  
LIGHT IN  
FURNITURE.

EASY  
ACCESS FOR  
THE GUEST.

# SAFES

Security with toploader, hinged door or drawer.

Electronic safes in the hotel room provide your guests with a safe place for their valuables, while offering outstanding operating convenience. Häfele offers hotel safes with different opening methods and different designs, with or without internal lighting: Depending on the installation situation they can open upwards, be installed in drawers or behind hinged doors.

## PRODUCTS

- > Toploader hotel safe, opening upwards, Cat. No. 836.24.350 black or Cat. No. 836.24.450 beige/brown. External dimensions: H 145 x W 400 x D 350 mm.
- > Hotel safe with hinged door and internal lighting, Cat. No. 836.23.360 black. External dimensions: H 200 x W 405 x D 415 mm.
- > Drawer safe black, Cat. No. 836.24.311. External dimensions: H 200 x W 470 x D 385 mm.

## OPTIONAL FEATURES

- > Internal lighting.
- > Audit trail using software in the hotel safe (for monitoring and logging all activities).
- > Data transfer unit.

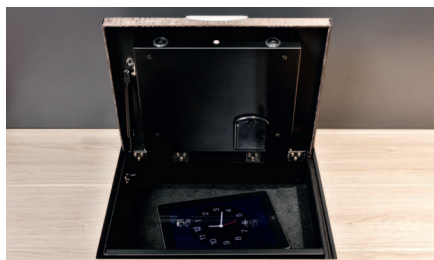

Drawer safe.

Toploader hotel safe, closed.

Safe with hinged door and internal lighting.

Toploader hotel safe, open.

## ADVANTAGES

- > The last 100 activities can be read out via the display as standard.
- > Different opening options, sizes and versions.

# MINI BAR

Sales-promotional or invisibly integrated.

Mini bars with absorber refrigerators of the newest generation from Häfele are silent, compact and reliable. They are therefore particularly well-suited for a quiet sleep of your guests. Other advantages are their minimum energy consumption, the fact that they are maintenance free and their compact size. Certified in accordance with ISO 9011 and 14001, EMAS, ROHS compliant.

## PRODUCTS

- > Dometic RH refrigerator, thermoelectric silent, 30 litres. Cat. No. 568.15.028
- > Dometic Mini bar refrigerator 37 litres HiPro Vision, Cat. No. 568.16.374.  
With LED internal lighting, acrylic glass door, integrated handle, magnetic door seal.
- > DM 50 thermoelectric refrigerator drawer, gross capacity 45 litres, with decorative panel Cat. No. 568.15.594. Without decorative panel Cat. No. 568.15.504.

## OPTIONAL FEATURES

- > Connecting fitting, Cat. No. 568.16.020. For installation behind furniture doors – the refrigerator door opens automatically when the furniture door is opened.

Built-in with visible front.

Placed to promote sales with glass door.

Convenient access with drawer.

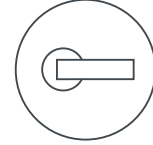

INVISIBLY  
INTEGRATED  
IN THE  
FURNITURE.

# FURNITURE HANDLES SYSTEM

Individual and multi-functional:  
One handle for countless possibilities.

Häfele developed an extraordinary, contemporary furniture handle in cooperation with the interior architecture studio JOI-Design. H1575 not only impresses with its gently curved, stylish design, but also with its different inlays made from precious materials and its different, high-quality finishes. In addition to that, H1575 is available in different sizes and as a handle for pull-out front panels.

## PRODUCTS

- > H1575 furniture handle, handle: Titanium coloured lacquered, inlay: Imitation leather black/croc leather effect. Width: 64 mm Cat. No. 103.83.061
- > H1575 furniture handle, handle: Titanium coloured lacquered, inlay: Imitation leather black/croc leather effect. Width: 150 mm Cat. No. 103.83.051

## OPTIONAL FEATURES

- > Other handle colours and inlays, e.g. acrylic, available on request in project quantities.

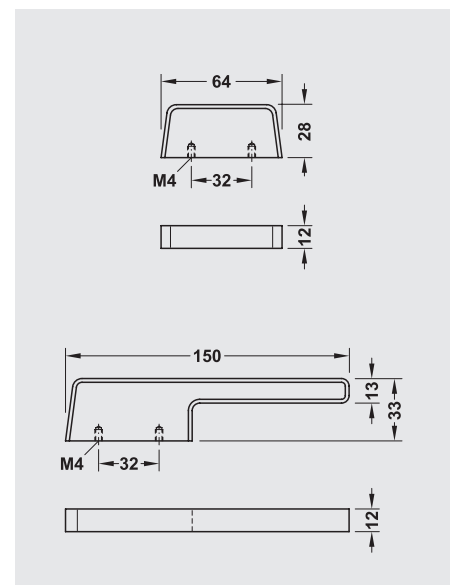

JOI-Design

Small handle for pull-out front panels.

Cream coloured lacquered handle with inlay made from brown imitation leather.

Dimensions.

DIFFERENT  
INLAYS MADE  
FROM PRECIOUS  
MATERIALS.
