

LINVISIBLE®

Project showcase

InterContinental,
St. Julian's Malta

Introduction

LINVISIBLE is the lead manufacturer of interior flush to wall doors 100% made in Italy, with 30 years of experience delivering to our clientele products and services of exclusive design and elevated quality.

Our business model is focused in offering a full service from support in the projecting phase to the installation on site; providing our customers all that's necessary to create unique spaces, thanks to our wide experience in developing highly customized products of extraordinary design and materials.

Due to LINVISIBLE's international mindset and experience, we have been honored to take part of some of the most exclusive developments in diverse areas of the globe. In this document, we are proud to showcase one of these endeavors and show you a token of what we are able to deliver.

Description

Project: InterContinental St. Julian's Malta,
High-line Suites

Location: St. George's Bay , St Julian's, Malta

Interior Design: Auntielucy Ltd. Malta

Schedule: 2014 - 2015

www.ihg.com/intercontinental

Situated in the exclusive beachside resort of St. Julian's, InterContinental Malta it's been described as a luxury chic hotel of bright refined rooms with plush furnishings. On August 2016 the hotel unveiled a collection of 30 new High-line Suites that feature designer furniture by Minotti, Bang & Olufsen audiovisual systems and LINVISIBLE doors. IHG group said the suites have been created "to respond to an increasing demand within the luxury niche market", and will offer a "unique product with a real sense of space". This traditional-style hotel features 451 rooms and amenities such as a luxe spa with, meeting rooms, outdoor pool and bar/grill, six restaurants and six bars, gym and business center.

Furnishing specifications

For this project, LINVISIBLE installed the doors for **30 high-line suites**, providing a total of **200 highly tailored doors**, in a variety of typologies, finishes and dimensions.

In addition to furnishing our doors, LINVISIBLE offered a complete service experience **supporting our clients in the design phase, transportation, installation and maintenance.**

Products furnished:

BREZZA Vertical Pivot doors

ALBA Fire Resistant Hinged doors (REI 30 + 90)

MAREA Pocket doors

Finishes:

RAL Lacquer and wood veneer.

Product descriptions

BREZZA Vertical Pivot doors

This system is the patented door that lies flush with the wall and swivels open on a vertical axis, thanks to a sophisticated hidden pivot system.

Available with or without stop, the door can rotate on itself up to 360 opening degrees, obtaining a very exciting effect of movement.

Linvisible Vertical Pivot system is ideal for panel walls made of innovative high-tech materials, allowing designers to express their own ideas on architectural and functional space.

It can be coated with almost any type of material (metal, stone, leather) to create special atmospheres, in a tasteful way. There are lacquered (glossy or matt) and wooden versions offered as well.

ALBA Fire Resistant Hinged doors (REI 30 + 90)

Our fire resistant REI 30 - EI130 Hinged (mod.F11 REI), is a patented system for completely flush to wall doors and flush with the wall panels (concealed aluminum and hinges).

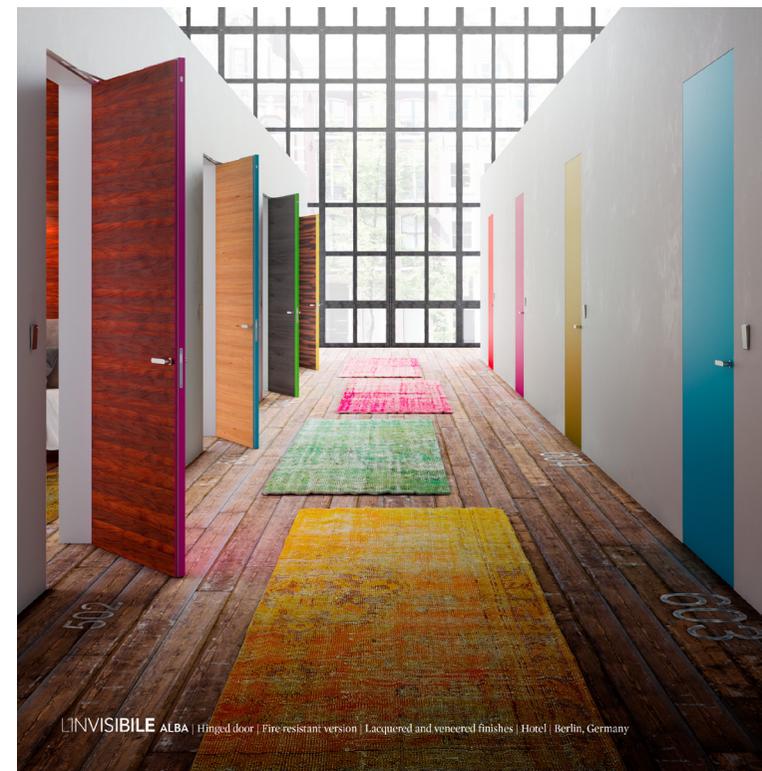

Linvisible's Hinged doors are REI 30 certified, since they provide perfect fire resistance to meet the safety requirements of hotels and restaurants, contract installations, large public spaces and any other public environment where specific fire protection regulations have to be met.

Certified UNI EN 1634-1:2009 and BS EN1634-1:2009 and approved on art. 1 del D.M. 30/06/2004. Type approval number FE272EI1030P001; Certificate of fire resistance test N° 42/U/11-125FR.
