

# OE Quasi Light

The pendant has 12 LEDs embedded in the inner vertices of the geometric frame that are connected to light guides along the inner edges, creating an even illumination towards the reflector in the centre of the lamp. This layered white reflector emits the light spherically back into the room, resulting in a glare-free uniform light.

## Olafur Eliasson

Artist Olafur Eliasson (Iceland/Denmark), born in 1967, works in a wide range of media, including installation, painting, sculpture, photography, and film. Since 1997, his solo shows have appeared in major museums around the world.

# Product info

**Finish**

Clear lacquered, pickled aluminium. Matt white reflector.

**Materials**

Frame: Aluminum. Reflector: Injection molded polycarbonate

**Mounting**

Cable type: 4x0,75mm<sup>2</sup> with wire. Canopy: Yes. LED driver built into the canopy. Cable length: 4m.

**Sizes and weights**

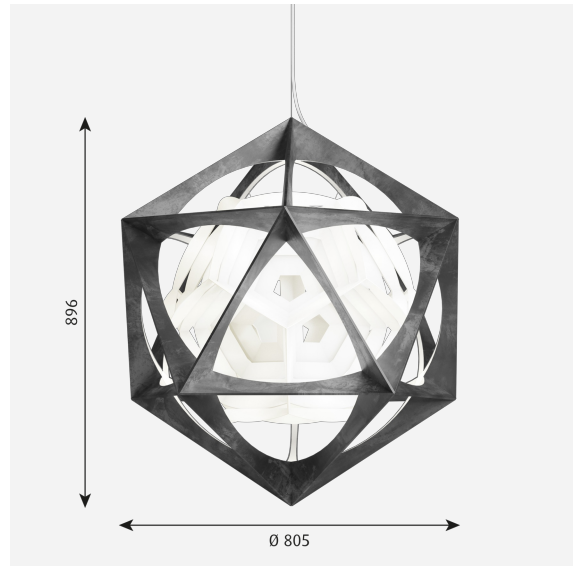

Width x Height x Length (mm) | 755 x 896 x 755 Max 22.6 kg

**Class**

Ingress protection IP20. Electric shock protection I w. ground.

**Light source & energy class**

LED 2700K

# Product variants
