

PURE^{IS3} READY. SIT. GO!

PURE^{IS3} is the revolutionary alternative to the traditional office chair. PURE^{IS3} replaces conventional mechanisms with innovative materials. No more adjustments – the intelligent Smart-Spring technology ensures that the PURE^{IS3} adjusts perfectly to every user without any effort on their part.

WORLD INNOVATION: SMART-SPRING TECHNOLOGY

- innovative combination of polyamide and glass fibres – developed in the laboratories of Interstuhl
- The responsive material actively adapts to the user, to their weight, size, proportions and movements.
- no need for conventional mechanisms – therefore extremely easy to handle with a light appearance
- very large movement radii – even in directions in which other chairs are immobile
- enables a fully automatic three-dimensional sitting experience

PURE^{IS3}: ONE FITS ALL

... for everybody

- PURE^{IS3} adjusts to the user, their body and movements without requiring them to make time-consuming adjustments.
- PURE^{IS3} automatically ensures comfort, ergonomics and movement.

... everywhere

- PURE^{IS3} works without complicated mechanisms and is immediately self-explanatory – that's how you sit right in the first place.
- PURE^{IS3} is light and mobile and can be transported effortlessly from room to room.
- PURE^{IS3} can be used anywhere: for conferences, team meetings or concentrated work.

PURE^{IS3} is the chair for the working environments of tomorrow in which we are already moving today. Learn more at interstuhl.com/pure
