Premier Class

CEOS

As part of our Premier Class executive furniture line, the CEOS series is made with the finest quality of natural veneers and its highly sophisticated designs are the result of Fursys' advanced technologies and extensive know-how. Let CEOS accent your leadership and executive authority with style and dignity.

The modesty panel and solid looking side panels employing horizontal lines produce a quality premium look.

Especially the horizontal & vertical wire duct covers enhance the convenience of wire management.

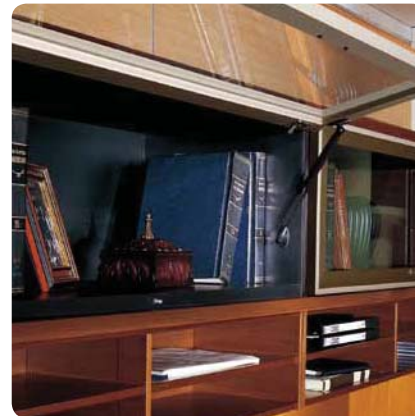

The side cabinet consists of doors and drawers. When it used as a side desk, the work area may be extended.

A micro-fiber leather inset is fitted into the desktop.

Desk

The glass-door hanging cabinet on the upper part of the wall unit can be easily accessed (gas strut assisted). The open shelving below is practical with adjustable shelves.

Wall Unit

Combining horizontal and vertical cabinets and credenzas together, the wall unit is both functional and attractive. An illumination light with sensed on-off switch is attached on the wall unit.

The top and sides are joined at a 45 degree angle to emphasize design.

Only the strictly selected accessories have been used such as coat hangers, mirror and necktie hanger for elegant and functional design.
